NASR Briefings.

June 30<sup>th</sup> 2015

Interest to attend the first briefing session into the Conduct of NASR has been overwhelming. The first briefing was held on Saturday 20<sup>th</sup> June, 2015. Due to the overwhelming interest in the matters raised, additional briefing sessions are being planned.

I wish to thank everyone who has offered to throw their support behind this movement. If you have had a bad experience with NASR regarding Annual or One Day memberships/licences or associated insurance matters, please send your information to [ray@solomongroup.com.au](mailto:ray@solomongroup.com.au) All information will be kept absolutely confidential unless you authorise it's release.

Please find the responses to frequently asked questions as follows;

**Q; Why am I doing this?**

*A; Because in good faith, competitors and others have paid out millions of dollars over the past 17 years for memberships/licences/insurance and this matter needs to be resolved once and for all!*

**Q; What is in it for me?**

*A; I have no financial interest or intention to stand for any future organisation. I just think (1) the sport's participants(competitors and promoters) should own their sport and it should not be owned by a few shareholders, (2) having to have two competition licences to compete at some tracks is simply ludicrous,(3)All tracks should accept Participant's own personal accident insurances if it meets a given standard without the obstacles .imposed by promoters!*

**Q; What happens if I am sued.**

*A; I can't speak for NASR, but if they attempt to sue one of their licence holders (me) for telling the truth, that is their business, but I will not stop now until the truth comes out.*
