Dear Mr Pearce,

For many years your organisation has informed me that I was a member of NASR, you can confirm the length of my membership by checking your membership database.

It has now come to light, that according to your constitution and confirmed by your written advice to Mr Solomon of 9<sup>th</sup> January, 2015, I and possibly thousands of others, were never a member of NASR.

Mr Pearce, I now request a full refund of all membership fees I paid to your organisation as soon as possible.

Regards
